WORKYQUAD

## WX SERIES

### DIMENSIONS AND LOADING DIAGRAM\*

### TRACKS

Rubber tracks with all-trac tread pattern.  
Track module driven by a direct drive system by means of two steel toothed wheels.  
Less pressure on the ground and greater grip, reduced resistance to advancement (rolling friction).  
Better buoyancy with consequent reduction of the risk of sinking on soft ground.

### WX SERIES

	LIFTING CAPACITY	ENGINE POWER	HYDRAULIC SYSTEM	BOOM HEIGHT
WX 22	350 Kg (with counterweights)	22,1 Hp	35 l/min	2042 mm
WX 15	340 Kg (with counterweights)	14,8 Hp	25,6 l/min	2042 mm
WX ECO	450 Kg (with counterweights)	5,7 Kw	18,5 l/min	2042 mm

WORKYQUAD

Improved grip  
track system.

WX22

The WorkyQuad series is enriched today with a new tracked version. WX SERIES is available in the WX22, WX15 Models and WX ECO, the Zero Emission skid loader. Practicability, robustness and mobility make WX SERIES great and versatile product machines, able to juggle on every type and condition of terrain. WX SERIES was developed for the demanding professional who has to move in small spaces and at the same time possess a reliable machine, small in size but with great performances.

Honda engine GX690, displacement 688 cc.  
Number of cylinders: 2  
Start-up: electric  
RPM: 3600  
Cooling: air cooling  
Fuel: petrol Euro 95  
Fuel tank capacity: 15 liters  
Drive system: hydrostatic 4WD  
Oil tank capacity: 44 liters  
Steering: skid  
Weight: 830 Kg

**TRACKS**  
Rubber track with improved grip and all-trac tread pattern.

**BOOM**

High strength steel boom. Double cylinder lifting system.

**FUEL TANK**

Integrated tank with 25 liters capacity.

WX15

Kubota engine Z602, displacement 599 cc.  
Number of cylinders: 2  
Start-up: electric  
RPM: 3200  
Cooling: liquid cooling  
Fuel: diesel  
Fuel tank capacity: 25 liters  
Drive system: hydrostatic 4WD  
Oil tank capacity: 25 liters  
Steering: skid  
Weight: 884 Kg

Agriculture  
Breeding  
Green maintenance  
Building  
Road maintenance

WX ECO

Engine: permanent magnets  
RPM: 2500  
Type of battery: traction battery  
Battery capacity / voltage: 240 Ah / 36V  
Drive system: hydrostatic 4WD  
Oil tank capacity: 17 liters  
Steering: skid  
Weight: 1050 Kg

ZERO EMISSION

**THE ENVIRONMENT THANKS.**

The electric version of the WX series respects the environment. Zero emissions, for cleaner air and ecological batteries with improved safety, free from liquid leaks. Charging times are approximately 7 hours, while the charge autonomy at average working regime is around 7/8 hours.
